- Manufactured in the UK
- 2 years guarantee.

Aluminium Frame Codes (Class 1/Class B), Sizes and Weights:

PMPA0906/PMPAFR0906	900x600mm	2kg
PMPA1209/PMPAFR1209	1200x900mm	4kg
PMPA1212/PMPAFR1212	1200x1200mm	4.6kg
PMPA1512/PMPAFR1512	1500x1200mm	6kg
PMPA1812/PMPAFR1812	1800x1200mm	7kg
PMPA2412/PMPAFR2412	2400x1200mm	8.5kg

Hardwood/Unframed: add H/U at end of code

Care and Maintenance

Recommended Procedures

Vacuum or use a soft brush to remove dust and solid particles.

Always try cleaning products on a hidden piece of fabric to test suitability.

Wipe frequently with a damp cloth to maintain the appearance of the fabric.

All spillages should be removed immediately with a clean absorbent cloth.

Most stains can be removed using cold/warm water and a clean microfibre cloth, however poorly fixed clothing dyes may cause permanent staining.

Stains from products containing oil and grease should be treated with a spirit based solution

Can be cleaned with mild Hypochlorite solutions (up to 10,000 ppm of available chlorine - including Haz Tabs and Chlor-Clean) or Mineral Spirit for infection control purposes.

Can be steam cleaned in situ.

Do not machine wash or dry clean.

Remove all stains immediately before they set.

If soap-based cleaners are used, all soap residues must be rinsed from the fabric.

Do not use solvents, chemical agents, waxes, polishes as this will damage the surface of the fabric.

To reduce the risk of fire, please make sure that notices on the board do not protrude out of the board area and are in single layers. Notice boards should not be fitted near, or directly above any gas heaters or other sources of combustion.

We offer a range of different fabrics and finishes: Polycolour FR®, Premier Felt, Camira Cara, Camira Lucia, Corded Hessian, Charles Twite, Cork, Galaxy Screen, Sundeala and Forbo Nairn.
